

JOB ADVERT

Post: Nurse (01 position)

The Infectious Diseases Research Collaboration (IDRC) seeks to hire a suitable candidate for the position of **Nurse** for the **SEARCH SAPPHIRE study** to be based in **South Western Uganda**. The Successful candidate will report to the **Clinical Officer**.

Job description

- Charged with triage at the study clinic.
- Ensure participants are seen on time and the clinic opens Mon-Sun 8am-5pm, when on duty.
- Participate in recruitment of participants for the SEARCH SAPPHIRE study.
- Participate in screening of study participants and obtain informed consent from study participants or their parents/guardians.
- Participate in entering laboratory results into case record forms and filing of the result slips.
- Ensure that blood and other samples are collected as per study schedule and disbursed to the testing laboratories.
- Maintain confidentiality of study records and research findings as appropriate.
- Compile and submit periodic and interim reports to the coordinators.
- Responsible for ensuring that study data are collected, case report forms are completed and backing up data regularly.
- Charged with clinical evaluation of study participants who may have complaints of possible Adverse Events and to adjudicate whether their symptoms and physical exams meet the criteria for adverse events.
- Compliment efforts of the other clinical officers already at the health centre.
- Ensure study participant details are captured in appropriate MOH registers as per national guidelines.

Qualifications and other desirables for the job:

- A Diploma in Nursing from a recognized institution;
- Must have at least 2 years progressive working experience in a clinical setting that supports community outreach activities.

- Must be registered with the Uganda Nurses and Midwives Council with a valid practicing license.
- Previous training in HIV/ART management especially community-based PrEP delivery is an added advantage.
- GCP and PHRP certification.
- Ability to work in a rural setting when required.
- Must have up to date GCP/HSP training certificates.
- Excellent knowledge (both oral and written) of Runyankole fluency and or languages spoken in South-Western Uganda.
