

### **JOB ADVERT**

#### **Post: Nurse Tracker (01 position)**

The Infectious Diseases Research Collaboration (IDRC) seeks to hire a suitable candidate for the position of **Nurse Tracker** for the **SEARCH SAPPHIRE study** to be based in **South Western Uganda**. The Successful candidate will report to the **Clinical Officer**.

#### **Job description**

- Responsible for recruitment and follow up of participants within the communities.
- Oversee the linkage of study participants from the communities to the health centre.
- Prepare a list of clients who have missed clinic appointments.
- Make home follow-ups of clients who have not come for their clinic appointments.
- Counsel clients on adhering to their drugs and clinic appointments.
- Provide back up to the study staff.
- Proper identification and reporting of adverse events.
- Foster a good working relationship with clients and the participating communities.
- Counsel clients on PrEP adherence and follow up on clients who need to be supported during the study.
- Make reports on clients followed up and the outcomes as well as activity reports.
- Attend to clients as a clinical services team member.

#### **Qualifications and other desirables for the job:**

1. A Diploma in General/Comprehensive Nursing from a recognized institution; a Bachelor's degree in nursing is an added advantage.
2. Must have at least 3 years progressive working experience in an HIV research setting, with good knowledge of research ethics.
3. Must be registered with the Uganda Nurses and Midwives Council with a valid practicing license.
4. Must be able to ride a motorbike (may be tested) and have a valid riding license.
5. Ability to work in a rural setting when required.
6. Must have up to date GCP/HSP training certificates.
7. Excellent knowledge (both oral and written) of Runyankole fluency and or languages spoken in South-Western Uganda.
